

LEAF/My Green Lab/Green DiSC ACCREDITED LABS at the ICR

Prepared by: ICR Sustainability Team

Last updated: 26/11/2025

Site	Lab Name	LEAF Accreditation	Date
Breast Cancer Research			
Chelsea	Breast Epigenetic Plasticity and Evolution (Bepe)	Silver	2025
Chelsea	Cancer Dynamics	Silver	2025
Chelsea	Cancer Stem Cell (Axel Behren)	Silver	2025
Chelsea	Cell Death and Immunity (Meier)	Silver	2025
Chelsea	Cytoskeleton and Cancer Metastasis	Silver	2025
Chelsea	Endocrine Control Mechanisms	Bronze	2024
Chelsea	Functional Genomics	Silver	2025
Chelsea	Functional Genetic Epidemiology	Silver	2024
Chelsea	Functional Tumour Immunology	Gold	2025
Chelsea	Molecular Cell Biology (Isacke)	Gold	2025
Chelsea	Molecular Oncology	Silver	2025
Chelsea	Precision Oncology (Tutt/Lord)	Silver	2025
Chelsea	The Ralph Lauren (Turner)	Silver	2025
Cell and Molecular Biology			
Chelsea	Cell Division	Silver	2025
Chelsea	Chromatin Biology (Radzisheuskaya)	Silver	2025
Chelsea	Development and Cancer (Swain)	Silver	2025
Chelsea	Epigenetics & Genome Stability (Downs)	Silver	2025
Chelsea	Epigenetics and Cancer (Helin)	Silver	2025
Chelsea	Functional Proteomics	Gold	2025
Chelsea	Genome Instability and Cancer	Silver	2025
Chelsea	Genome Replication	Silver	2025
Chelsea	Genome Stability and Innate Immunity	Silver	2025

Chelsea	Post-Translational Modifications and Proliferation	Silver	2025
Chelsea	Signalling & Cancer Metabolism (Poulogiannis)	Silver	2025
Chelsea	Telomere Biology	Silver	2025
	Radiotherapy and Imaging		
Chelsea	Target Therapy/Translational Immunotherapy Teams	Bronze	2025
	Structural Biology		
Chelsea	Hit Discovery and Structural Design (van Montfort)	Silver	2025
Chelsea	Mech of pre-mRNA splicing (Pena)	Gold	2025
Chelsea	Molecular Mech of Cell Cycle Regulation (Alfieri)	Silver	2025
Chelsea	Structural Biology of Cell Signalling (Guettler)	Silver	2025
Chelsea	Structural Biology of DNA Repair Complexes (Greber)	Silver	2025

Site	Lab Name	MGL Accreditation	Date
	Cancer Therapeutics		
Sutton	Biology 1F (2.0)	86% - Green	2025
Sutton	Biology GF (2.0)	84% - Green	2025
Sutton	Chemistry (2.0)	74% - Platinum	(ren)2025
Sutton	Chemistry and Structural Chemistry (2.0)	68% - Gold	(ren)2025
Sutton	Clinical Pharma and Trials (2.0)	91% - Green	2025
Sutton	Hit Discovery and Structural Design (2.0)	86% - Green	2025
Sutton	Myeloma Biol Therapy (2.0)	97% - Green	2025
Sutton	Centre for Molecular Pathology (1.0)	87% - Green	2024
	Cancer Biology		
Sutton	Molecular Systems Oncology	85% - Green	2025
Sutton	Sarcoma Molecular Pathology	86% - Green	2025
Sutton	Systems and Precision Cancer Medicine (2.0)	91% - Green	2025
Sutton	Glioma Team (1.0)	67% - Gold	2024
Sutton	Centre for Evolution and Cancer, In Vivo Modelling and Haemato-Oncology Group (2.0)	93% - Green	2025
	Radiotherapy and Imaging		
Sutton	Ground Floor (1.0)	84% - Green	2025
Sutton	First Floor (1.0)	77% - Platinum	2025
	Genetics and Epidemiology		
Sutton	Oncogenetics and Cancer Genomics (1.0)	82% - Green	2025
Sutton	CCE, ICE, MMT and Translational Genetics (1.0)	81% - Green	2025
	Clinical Studies		
Sutton	Male Urological Cancer Research Centre (1.0)	74% - Platinum	2024
Sutton	Paediatric Oncology (2.0)	76% - Platinum	2025

Site	Lab Name	DiSC Accreditation	Date
	Software Sustainability		
Both	Data Science Team	Bronze	2025
Chelsea	Breast Cancer Research Data Science	Bronze	2025
Chelsea	Scientific Computing Team	Bronze	2025

Site	Lab Name	Accreditation	Date
	Core Facilities		
Chelsea	BCN Organoid Lab	Silver (LEAF)	2025
Chelsea	Baculovirus Facility	Silver (LEAF)	2025
Chelsea	CLEM Lab dry	Silver (LEAF)	2025
Chelsea	Protein Crystallography and Biophysics Facility	Bronze (LEAF)	2025
Sutton	Core Research Facilities	84% - Green (MGL)	2024
Sutton	Laboratory Support Services (1.0)	86% - Green (MGL)	2025

Key:	
Green	Certified
Grey	Expired
Yellow	In Progress

Comprised above is a list of all labs participating in accreditation schemes at the ICR, including labs which are in progress or whose certification has expired. Labs under LEAF compliance, must renew certification every year, whereas My Green Lab accreditation lasts for two years before needing renewing. This comprehensive list is to recognise which of our teams are engaging with sustainability, a key component of receiving funding by Wellcome and CRUK. It also aligns with our Sustainability Plan by monitoring the increase of certified labs at the ICR each year.

For more information or certification evidence, please contact sustainability@icr.ac.uk.
