Dear Dr Crossley,

**MREC (1) 98/101: MRC CLL4 TRIAL [SDEC Ref 9903/28]**

Your administrator kindly wrote to Sandra Holley about mentioning blood storage in the PIS on April 8<sup>th</sup>. Unfortunately we did not receive this and I apologise for the consequent delay in responding. Jill Marshall subsequently contacted Sandra and enclosed a suitably amended PIS indicating that blood samples may be stored frozen for future research use. I think this is entirely appropriate and am copying it to the Principal Investigator as well as to Dr Mayne for future use.

Kind regards,

Yours sincerely

**PROFESSOR J M RITTER**
